Industry Leading Security Services

watchfuleye-ss.co.uk

Personable, professional and highly efficient mapped around the specific requirements of the client.

About Us

Watchful Eye Security Ltd. are an industry leading security services provider with a *fresh approach to customer satisfaction and founded upon reputation.*

Based in the South West with a national presence we are able to offer our services throughout the UK and are trusted with some of the country's most high profile events and assignments.

Our staff love to work for us and our recruitment process ensures we attract the best in the industry. Our services are personable, professional and highly efficient, mapped around the specific requirements of the client. We enjoy establishing successful partnerships with our clients and are always delighted to welcome new opportunities.

A fresh approach to customer satisfaction and founded upon reputation.

Our Services

We cover all aspects of security with all operations under the control of our central location in Bristol. Our range of services include;

Event security and management

Large and small, indoor and outdoor we have the resources, knowledge and experience to ensure your event is a success.

Retail security

For more than just a visual deterrent, our highly observant and proactive operatives are your effective and valued brand ambassadors.

Door supervisors

From prestige red carpet awards to private functions and everything in between our licensed door supervisors provide the best first impression every time.

Canine security

Enhance any security presence with a K9 unit for an occasional patrol or permanent assignment.

Manned guarding

Fully managed, highly trained and competent security operatives for all manner of deployments.

Close protection services

We are a leading provider of close protection services in the UK. We boast an impressive portfolio of clients from many diverse fields which have benefitted from the services of our professional close protection operatives.

We are always happy to provide help, support and advice along with free assessments and quotations.

*Professionalism through teamwork,
integrity and honesty with passion
and reliability*

Why Choose Us

Whatever the nature of the customer's business, we have the knowledge and experience to provide the most professional and effective security solutions.

From initial contact through to contract management and service provision, our clients enjoy the benefit of a dedicated member of management who oversees every aspect of each assignment.

We hold full public and employers liability insurance and are safe contractor approved.

*Flexible, responsive
and highly motivated*
